Dear Friends of International Students:

ELS Language Centers/Bowling Green, the official Intensive English Program for **Bowling Green State University**, is looking for several more families to join our Homestay Family program so that more international students can come here to study.

We are expecting a group of Japanese male and female university students to arrive at the end of September, 2017 and stay through the end of April, 2018. We also have students from many other countries who request to live with an American family throughout the year.

The need for Homestay Families is particularly high this year because of the closing of Harshman Quadrangle. The 20 or so on-campus student residence beds we have used for the last two years have been reduced to 0. This leaves us with Homestay Families, or telling students to find an apartment on their own.

If you have one or more spare bedrooms, can provide breakfast and dinner daily and transportation to and from campus (**compensation provided!**), please fill out one of the Host Family Applications in this packet and send it to our Homestay Provider: elshomestayfamilies@gmail.com

If you already host students for us or if you are unable to do so, we would very much appreciate it if you could pass an application onto families you think would be interested. Please write your name and contact information at the end of the application where it says "Referred by" and you can earn a \$50 referral fee once that family hosts their first student for at least one session (4 weeks).

For more information about ELS Language Centers, visit us at www.els.edu

You can also find out more about our Homestay Program on Facebook: **ELS Homestay BGSU**

Please feel free to contact me by phone or email with any other questions or suggestions.

Sincerely,

Nelson Einwaechter
Center Director
